

To our wonderful patients/clients...we hope that you are well during the unprecedented days we are living in. All of us at A Women's Touch Chiropractic and Massage are staying current and following the state mandated guidelines for our professions. That means that massage appointments will be rescheduled once we are notified that it is safe to resume our work and that chiropractic appointments will be very limited and will require a health screening process. Please feel free to call or text your individual therapist/chiropractor for more specific information. As always, your health and safety are our foremost concern. We miss you and hope to be able to continue to provide you with the quality care that you have entrusted us with very soon.

Stay strong and take care of one another.

With much love,

*Julie and Beth*
